- ▶ Quality control managers

How to get there

-> From airport:

The distance from the airport to the hotel is 20 kilometers by taxi or by car (25 minutes) or by public transportation (see information below).

-> By public transportation:

The closest underground station is line U4 "Margaretengürtel", which is in walking distance. The city airport train (CAT) departs from the airport and will take you to the city center station "Wien Mitte", which is connected to the underground line U4.

-> By car:

The hotel is located close to the city center. It takes about 25 minutes to get to the hotel from the airport on the motorway A4 and A23. The hotel offers underground parking spaces for an extra surcharge and will also assist in renting a car.
